# Part II:
# Specific Situations

# Defining The Relationship (General Case)

-She should bring it up
-Don’t demand it, command it

# Defining The Relationship (Advanced: MLTR)

-She REALLY has to bring it up
-Lead with value; remember the free market
-Has to be framed win/win
-Female psychology congruent
-Use fear of loss and don’t make it hopeless

# Making MLTR Work

-Be sensitive to her friends/family situation
-Don’t shove it in her face
-Be firm and willing to walk (or go more traditional)

# Threesomes

-Most girls are onboard
-Most girls are resistant

# Agree On The Rules

-She comes first (mostly figurative)
-She gets to choose/veto
-She gets to dump the girl
-Other rules case by case
